STINSON'S VELVET CARPETS.

Great reduction in these celebrated goods When we reduced the price of Stinson's Velvets from $1 40 to $1 25 per yard, we thought we should never live to see them sold cheaper than that. But we have just closed an enormous contract with the manufacturers of these goods, at a price that enables us to place upon the market all their handsomest spring designs at
$1.00 per yard.
No carpet in the world will wear longer than a good velvet and they always look about as good as new after years of service. No one ever bought a velvet carpet and found it to wear poorly. At $1.00 per yard Stinson's Velvets are the best value ever offered We have borders for every piece.

THE UNIT OF VALUE.

The Ratio of Gold and Silver From 1792 to 1873.

Judge Vincent Decides a Controversy, to Which Harvey, the Author of "Coin," Makes Reply.

CHICAGO, May 9—During a recent discussion at the Iroquois club between Postmaster Hesing, ex Mayor Hopkins, Sigmund Ziesler, W. S Forest, the last two prominent lawyers, the truthfulness of certain statements in regard to the unit value in the United States from 1792 to 1873, was questioned This argument resulted in a controversy which, by agreement, was referred to Judge William A. Vincent, president of the Waubansee club, for decision. Mr. Ziesler stated that under the statute of 1792 both gold and silver were made units of value in the United States Mayor Hopkins denied the proposition. Judge Vincent says in his decision:

"I am of the opinion that under the act of 1792 the unit was to be the dollar, the value of this unit was to be measured in both gold and silver, 371¼ grains being the quantity of silver, and 24¾ grains being the quantity of gold, which were to equally express the measure and value of the unit adopted As I conceive this to be the point at issue, as understood by the parties to the controversy, and which was intended to be expressed in the written statement thereof, I decide in favor of the affirmative of the proposition."

W. H. Harvey, author of "Coin" has this to say in regard to Judge Vincent's decision on the unit of value from 1792 to 1873:

"As I read the decision I read a farce. Mr. Vincent quotes Hamilton's report and argues that congress adopted it and uses this as the basis of his decision, when, in fact, congress turned Hamilton down. Here is what Hamilton recommended. I now quote from his report before me:

"'One gold piece equal in weight and value to ten units or dollars.'

"'One gold piece equal to a tenth part of the former and which shall be a unit or dollar.'

"'One silver piece which shall also be a unit or dollar.'

"Congress refused to adopt the gold unit clause and did enact the following:

"Dollars or units—each to be of the value of a Spanish milled dollar, as the same is now current, and to contain 371¼ grains of pure or 416 grains of standard silver."

"Hamilton's recommendations was just the reverse of the report of the committee on the continental congress on the monetary unit and the opinion of other statesmen of that time. Judge Vincent had the benefit of these reports. Hamilton recommended one thing, congress did the reverse, and Vincent quotes Hamilton as authority. In the science of money there should be no such thing as having a unit of value made from two kinds of property. As well have a unit of account with two different figures to represent it."

CORBETT-FITZSIMMONS.

Their Prize Fight May Take Place at Dallas, Texas.

DALLAS, Tex, May 9—It looks now as if Dallas would surely get the Corbett-Fitzsimmons prize fight and that it will come off during the Texas state fair and Dallas exposition next October. Since the outlawing by legislation and court decisions two days ago of prize fighting in Florida and Louisiana, Wm. A. Brady and Joe Vendig have been in wire communication with Dan A. Stuart, the wealthiest sporting man in Texas, to arrange to have the fight take place in Dallas. The details are partially completed, a definite decision will be reached before the week is ended. About $40,000 will be required.

LOST HIS LIFE

During a Hotel Fire at Montrose, Colorado.

MONTROSE, Col., May 9.—C. W. Nehebras, agent for the Deering Machine Co., of Chicago, lost his life early today in a fire which destroyed the Hotel Arlington. His charred remains have been found in the ruins. Mrs. E. H. Smith, proprietor of the hotel, escaped by jumping from a second story window but is in a precarious condition from cuts and burns. The house was nearly full of guests, several of whom sustained burns and wounds. Loss $25,000.

Sale of Bonds.

NEW YORK, May 9—The Central Trust company trustee of the consolidated mortgage of the Manhattan railroad company has delivered to Messrs J. P. Morgan & Co. all the 4 per cent bonds issued under that mortgage to retire the New York elevated 7's. The last of the block of $8,925 000 has been delivered to the banking firm. Negotiations for the sale of these bonds in the London market were completed some days ago

Strike Settlement.

WARDNER, Idaho, May 9.—The Bunker Hill and Sullivan management have expressed a willingness to resume work in their mine at $3 for miners and $2 50 for car men and shovelers. It is believed the four hundred men now out will accept this and work will be resumed.

Drunken Fight.

SEATTLE, Wash., May 9.—While the big British ship Drumock, now loading here with wheat, lay at Rio Janorio, the crew mutinied and were subdued only after a hard battle. The men got drunk on shore, and returning on board began an attack on Captain Bailly and First Mate Taylor. The petty officers and two apprentices came to their aid and they laid about them with belaying pins until all the mutineers were knocked senseless. One of them afterward died of fever and another deserted. The story wired from Takoma that pocketbooks had been made of the cuticle of Tom Blanck, the desperado, is untrue.

NEEDS ONLY TWO VOTES

To Make Dupont the Next Senator From Delaware.

The Floor of the House Crowded With Politicians, the Excitement Intense and Weather Hot.

DOVER, Del, May 9—The floor and lobby of the house chamber, where the joint sessions are held, were uncomfortably crowded with politicans and spectators when the session reconvened at 9 o'clock this morning and as the weather is very hot, the atmosphere soon became stifling.

The interest was intense from the start. Early morning conferences of the leaders resulted in a combination of the Higgins and Massey forces upon Colonel Henry A. Dupont, the result being shown in the first ballot of the day. After six ballots had been taken, with Colonel Dupont needing only two votes to insure his election, an adjournment was forced until noon.

During all the balloting Mr. Addicks was flitting back and forth between the lobby and the chamber of the house, apparently bending every effort to the election of his friend, William Dupont The latter's success seemed assured last night, but the protest from leading republicans all over the state, which reached here this morning, appear to have turned the tide against him.

The desks of Representatives Robbins and Brown, the two Sussex county farmer legislators, whose votes are needed to elect Henry A. Dupont, have been surrounded all the morning by a bodyguard of Addicks people, who seem to be making every effort to prevent these two men from voting with the majority of their fellow republicans and thus end the deadlock.

HAWAIIAN AFFAIRS.

The Gresham-Thurston Matter Given Publicity.

Mr. Thurston Makes a Breach of Etiquet, Refuses to Apologize and Hence His Withdrawal.

SAN FRANCISCO, May 9.—Hawaiian advices received today from Honolulu, dated May 2, per steamer Mariposa, are as follows: "The letter demanding the recall of Minister Thurston is here, and was read to the executive session of the councils yesterday afternoon. This letter had been to Hong Kong. It went past Honolulu in a bag with a couple of hundred others. The fault lies with the postoffice at San Francisco. The ground of the objection to Thurston is confined to a single transaction. The sole offense alleged is that Thurston, at the legation, showed to a reporter private letters to himself from Honolulu. The particular letter that gave such offense to the secretary of state, intimated in strong terms that Cleveland and Gresham were largely responsible for the January uprising here. Gresham spoke to the Hawaiian minister about the matter. Thurston said that he regretted it very much; that in the hurry of handling a big mail, he had shown this letter with others without any special intent. In short he apologized. Secretary Gresham thereupon asked that the apology be submitted in writing. Thurston declined to do this. Gresham's letter is dated February 21 last, and in strong language stated Thurston is no longer personally acceptable to the administration or Washington as Hawaiian minister. It is definitely settled Thurston will not return to Washington. He has resigned his office, his resignation to take effect when his successor has been appointed. Extremists here urge that he be sent back at once, in order to face Gresham again. They regard his return as a "back down." The conservative feeling is there should be no playing to the galleries, and that the relations of this government to that of Washington should be left to adjust themselves in a natural way. Frank Hastings, who is at present in charge of the Hawaiian legation, will probably be promoted to the position of minister. No retaliating measures will be taken by the government, so a cabinet officer states, and Minister Willis will remain in Hawaii so far as anything the officials on this side may do or say to him.

The queen has become tired of prison confinement and will soon make an effort to gain her freedom. Her friends have been busy for some days working in her behalf and a writ of habeas corpus will be sworn out within a day or two. Paul Neumann, her attorney, is preparing his argument. It has been a complete surprise to the government that no attempt has been made to test the validity of the military court, that recently dealt with the rebels. It was generally understood that a test case would be made as soon as it adjourned, but for some reason no action was taken.

UNION MOULDERS

Go on a Strike at Indianapolis for Increased Wages.

INDIANAPOLIS, May 9—All the union molders in this city went on strike this morning. The molders demand a rigid scale of wages of $2 25 to $2 50 per day. They are now receiving from $2 to $2.40 A recognition of the union is also demanded. The owners of the ten plants involved will, they say, grant neither demand.

HON. A. H. HAMILTON.

The Venerable Ex-Congressman Lying at the Point of Death.

Early in the Week Obstruction of the Bowels Prostrates Him and He is Now Beyond Recovery.

Word reaches us from the Hamilton homestead at 3 o'clock this afternoon that Hon. A. H. Hamilton is lying at the point of death and may not survive the afternoon.

The children, who are attending school in the east, have been summoned home by telegraph.

Mr. Hamilton was taken seriously ill the fore part of the week with obstruction of the bowels.

His disease took a more serious turn today and three physicians have been in almost constant attendance.

To a SENTINEL reporter one of these physicians stated, late this afternoon, that the patient could not live but a few hours

SMALL BOY DROWNED.

Sad Accident Near the Columbia Street Bridge.

Frederick C. Geerkin, Aged About Seventeen, Meets With a Sad Death --The Body Recovered.

This morning, about 10 o'clock, Frederick C. Geerkin, the seventeen-year-old son of Frederick H. Geerkin, of No. 38 Eliza street, met with death by drowning in the Maumee river, just below the Columbia street bridge.

The young man, in company with a newsboy named Ira Croy, of 58 Harmer street, and Charley Dinnen, of 314 Horace street, had gone to the river to fish. During the past few days the stream has risen about three feet and the boys started to wade to the small island, or rather rock pile, which formerly made a resting place for one of the piers of the old bridge. The current was quite swift and in crossing Fred stumbled on a stone and fell. As he did so he tried to grasp the hands of one of the boys but the current was too swift and he was borne down to a point where the water was ten feet deep.

The other lads shouted for him to swim and hurried on across. Fred made an effort to reach the shore but not being a very good swimmer soon sank.

The alarm was soon given and Superintendent Liggett and Lieutenant Lapp at once went to the scene A boat and a long hook were secured and Henry Hazzard, J. W. Craigue and Joseph Beamer, after two hours' search, succeeded in finding the body.

For some months past Fred has been employed as a caller by the Grand Rapids and Indiana railway, but lately he has not been working. His father is a Pennsylvania company machinist.

The funeral will be held Sunday afternoon, at 2 o'clock, from the St. Paul's Lutheran church, on Barr street.

ANOTHER DIVORCE.

Mrs. John Boylan Seeks a Separation From Her Husband.

Cora Bennett is Acquitted of the Charge of Larceny--Other Cases in the Courts.

Mrs. Mary E Boylan has begun suit, through her attorney, James E. Graham, for a divorce from her husband, John Boylan, the cause alleged for a dissolution of the marriage ties being abandonment. The defendant was formerly the proprietor of the Jewel house, on Calhoun street, and is well known. He left the city some months ago and has not since returned.

The case of the state against Cora Bennett, who was charged with stealing the wardrobe of her roommate, Mrs. Susie Woods, went to the jury at 5 o'clock yesterday afternoon and within a half hour the jury brought in a verdict of acquittal. The defendant showed that she had taken the goods because Mrs. Woods was indebted to her.

At his office last evening Justice Huser united in marriage Mr. William Wolf and Miss Emanda J. Golden both of this city.

George Reber and Nora Piepenbrink, William Wolf and Emanda J. Golden, John Locke and Blanche Lawrence, Edward Galland and Mary Baret have been licensed to wed.

The case against William Anderson for burglary has been continued in the superior court until May 15.

The cases of William Clear and Joseph Getz for selling liquor on Sunday, were continued by Justice Huser until Monday afternoon.

Constable Johnson paid a visit to the house of ill-fame kept by Mrs. Barnum last night and arrested Thomas O'Brien, Jennie Benton, Jennie Jones and the landlady, Mrs. Barnum. All of them were fined $5 each by Justice Bohen, except Jennie Benton, who is having her trial this afternoon.

Yesterday S. M Hench filed in the supreme court, at Indianapolis, the transcript in the case of the state vs Lorenzo D. McNutt, superintendent of the Fort Wayne Street car company. The briefs and arguments of Judge Hench for the state and Judge John Morris for McNutt were also filed. Mr Hench also filed the transcript in the supreme court in the case of Henneger vs. Lomas. This case was appealed from the superior court.

The Cuban Trouble.

MADRID, May 9—Noon.—The government has received no news which would tend to confirm the report in circulation in the United States that Capt. Gen'l. Martinez de Campos has arrived at a settlement with the rebel leaders in Cuba.

DEATHS AND FUNERALS.

Mrs. Josephine Noonan, an Early French Settler, Dies.

Was About Eighty Years of Age and Came Here When Only Sixteen Years Old.

Mrs Josephine Noonan, one of the earliest of Allen county's French settlers, died this morning about 3 o'clock at the Hedekin house, where she has made her home for the past two years. The cause of death was cancer and general infirmities. Mrs. Noonan was born in France about eighty years ago, and when a child of sixteen came to this country with her parents, Mr. and Mrs. Pepe, who settled on a farm near what is now known as Academic Station. The deceased was first married to Patrick McKinnie, and of this union two sons were born. They are Frank, of New Haven, and Daniel, of Hammond. Some years after the death of her husband Mrs McKinnie married David Noonan, and of this union one child survives, James A, who is now postmaster at Huntertown and a well known and prosperous merchant. Louis, a brother, lives six miles from this city on the Coldwater road. The funeral will be held Friday morning at 9:30 o'clock from the Cathedral, and the interment will take place at St Vincent cemetery.

KROEMER

Mrs. Philipena Kroemer, aged sixty-eight, died last night at her home in Washington township, of asthma. The husband of the deceased has been dead many years. She leaves the following children: William, Henry and Christian, Mrs. Charles Tilker, Misses Mary, Ginda and Sophia

ALLGEIER.

Miss Elizabeth Allgeier, aged thirty-five, died of consumption at 4:30 yesterday afternoon at the home of her sister, Mrs. Matthias Zahn, No. 241 East Jefferson street. The lingering disease had kept her an invalid for many months. Her mother resides in Adams township and two brothers, Anthony and Edward, live here Three other brothers reside in Grand Rapids. The funeral announcement will be made later.

OTHER DEATHS AND FUNERALS.

The funeral of the late Christopher Gumpper will be held tomorrow afternoon from the residence, at 1.30, and half an hour later from the Grace Reformed church, the Rev. Zartman officiating.

William Stevens, an old citizen of this city, who has been living in Chicago for some years past, died in that city yesterday morning. Funeral services will be held in this city, at the residence of Will H. Tigar, Friday afternoon at 2 o'clock.

Word was received in this city yesterday evening announcing the death of Angeline Shippy, which occurred at the Eastern Hospital for the Insane, at Richmond The deceased was a sister of Mrs. Enoch Clark, of Aboite township. The remains were brought here for interment this morning.

TRIED TEN OF THEM.

A LaPorte Man Secures a Divorce From His Tenth Wife.

His Last Wife Was His First Bride and in Both Cases Marriage Was a Failure.

LAPORTE, Ind., May 9—Abraham Rimes was today granted a divorce from his tenth wife. The evidence taken at the trial of the case disclosed the fact that Rimes' last wife was his first bride, and he had married eight other aspirants for his affections before he was again wedded to his first wife, from whom he was legally separated shortly after marriage.

MINING TROUBLES.

Majority of the Strikers Hold Out for a New Scale.

MASSILLON, Ohio, May 9—The miners employed in the Krause mine held a meeting and decided to resume work at the sixty cent rate until the state price per ton has been established. Many of the miners feel that districts in the state will establish their own prices, and have asked the local operators to pay sixty cents for the ensuing year. State President Ratchford, of the miners' organization, stated, however that there is no possibility of the districts adjusting the respective rates, even though some operators have expressed a willingness to pay in excess of sixty cents

A SPECIAL SESSION

Of the Indiana Legislature May Become Necessary.

INDIANAPOLIS, Ind., May 9—There is a movement on foot to unite all county officers in an effort to have the fee and salary law, passed by the last legislature, declared unconstitutional on the ground that it is special legislation because it declares that officers of certain counties shall receive certain amounts This is independent of the effort of the auditors and treasurers to have one section declared invalid. If the whole law is declared unconstitutional by the supreme court a special session of the legislature would be necessary.

Thirteen Hundred Deaths.

YOKOHAMA, May 8—Advices received here from the Pescadore islands shows 1 300 persons died there from cholera during one month. The epidemic is now subsiding.

BISHOP J. S. MILLS.

The United Brethren Begin Their Four-Day Conference.

Strong Sermon Last Evening by One of the Ablest Minds of the Church—Today.

The first session of the four-days' meeting of bishops and clergy of the United Brethren church was held at the Calvary U. B. church, on East Lewis street, last evening Many delegates were present and also a large audience, composed mostly of members of the church in this city.

After the selection by the choir, a fervent prayer was offered by Rev. W L. Richardson, D. D, of Knoxville, Tenn. He petitioned for the bestowal of bountiful graces upon all Christian churches of the world, and particularly upon that denomination which he represented. He asked for the watchful guidance of the Creator upon the meeting about to convene.

The annual sermon was then delivered by Bishop J. S. Mills, D D., Ph D, of Eugene, Oregon, and it was a masterly effort, full of wholesome truths and sound reasoning upon the every-day life of the Christian man. Bishop Mills first read the twenty-fourth Psalm and then announced his text from second Corinthian, chapter 6, verse 1: "We then, as workers together with Him, beseech you that ye receive not the grace of God in vain."

The speaker began by saying that we are all co laborers with Christ, and that this sentiment can be more strongly applied by the term, "partners with Christ." In many minds the notion of heaven and Deity are remote. God is placed away off in the distance. The ordinary mind can hardly adjust the distance, but it is there. "But," continued the speaker, "there is a broader conception than this and opposed to the theory of the distance of the creator. It is the conception which brings God to the material world about us." A wholesome thought, is that of the fellowship of the creator with the created. It is a partnership which causes us to take Him into our hearts every day and every minute of our lives. Not on Sunday, merely, but each day of the seven

There is a new spirit abroad in the world and logical argument can plainly show that there is a distinct fellowship or partnership of the individual with God.

First, it is plainly evident that a fellowship exists, in man's subjugation of nature. We are commanded in Genesis to "subdue the earth." God has placed all things at our disposal as capital and we, as partners, are to utilize every force and material. And how rapidly we are overcoming all all obstacles in the material world by the employment of the great agencies at our command! Man has almost eliminated pain from the world.

Next, we are to be partners with God in beautifying the earth. There is an esthetical side to our nature and it is an attribute to be cultivated. The man or woman who plants a tree, a beautiful flower or creates an ornament out of his artistic brain, is fulfilling an instinct which is a part of his nature and which brings him into closer fellowship with God.

God has also ordained a fellowship with man in the accumulation of wealth. Not the wealth which is ill gotten by fraud, but the wealth which follows honest toil. God is the silent partner of the farmer, of the miner and of the mechanic, just as much as he is of the tradesman and others who labor

There is also the fellowship of God in the distribution of wealth. We are commanded to care well for our bodies —to eat, drink and be strong that we may care for the Master's business. We should not neglect our children or families. Now of this partnership there is a certain portion of the profit which belongs to God as His share in the investment. Some put it down as one tenth, but it is even more In this connection may be mentioned the prodigious waste of the world's wealth in liquor and tobacco. What an enormous loss this is to contemplate.

In conclusion, we are not to commune with God simply in the outward forms of worship, but to embrace the fellowship of God in our everyday life. He wants us all to enjoy the earth and live the life of happiness which he has ordained for us.

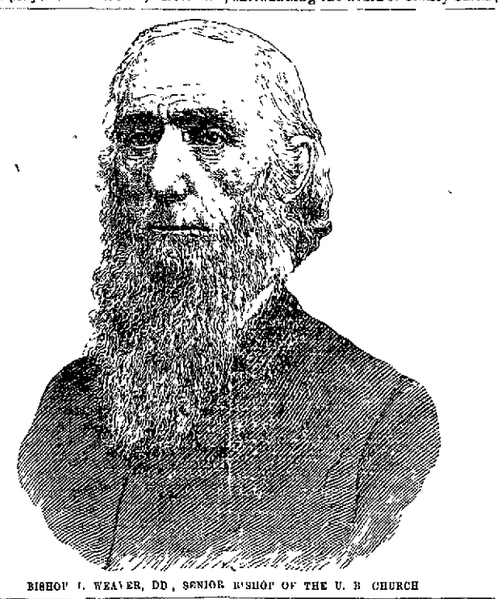
At the conclusion of Bishop Mills' sermon Bishop Weaver announced a number of committees for today's work and other remarks were made by A. D. Craig

TODAY'S PROCEEDINGS.

Today's proceedings embrace a business meeting, conducted by the Senior Bishop, J Weaver, D D, of Dayton, Ohio This began at 8 30 this morning and continued throughout the day. This evening, at 7 30, Mayor Oakley delivers an address of welcome and Bishop Hott responds. Rev. W. R. Funk will follow with an address on missions.

Mysterious Death.

OAKLAND, Cal, May 9—The mystery surrounding the death of Sidney Smith,



BISHOP J. WEAVER, DD, SENIOR BISHOP OF THE U. B CHURCH

whose remains reached Oakland Tuesday from Rawlins, Wyo, has not been cleared away. It is not known whether he committed suicide or was killed in a railway wreck.

NEARLY DISEMBOWELED

Martin Madden Caught in Machinery at the Fox Bakery.

William Martin Struck by a Swiftly Moving Elevator--A Number of Other Persons Injured.

Martin Madden, an employe of the Fox Cracker bakery, met with a narrow escape from a horrible death last evening while at work about the machinery in the factory. In some manner his trowsers, near the waistband, were caught in a cog wheel and in an instant he found himself being drawn into the machinery. The cogs caught his flesh and he was almost on the point of being disemboweled when the machinery was stopped by a fellow laborer, to whom Madden had frantically shouted. The injured man was removed to his home, No 134 Francis street, where Dr. McOscar attended. The man was found to be seriously, but not dangerously injured. The injury was mainly to the thigh and lower part of the abdomen. He will be laid up for some time.

STRUCK BY AN ELEVATOR

Last evening, about 5 o'clock, William Martin, an employe of the Newspaper union, was struck on the right shoulder by a freight elevator and badly injured. Dr. Duemling attended. No bones were broken, but the man will be laid up for some time.

OTHER CASUALTIES

Floe Coleman, an inmate of Tillie Innes' bagnio, on North Calhoun street, was riding a bicycle on the jail flats this morning, when she fell, breaking the bones in her right foot. She was seriously injured and was removed to the hospital.

A. J. Dawson, a shopman, had two fingers badly mashed this morning. Dr. A. J. Boswell attended.

William Bebee, a young man living on South Calhoun street, had his fingers badly mashed by machinery this morning. Dr. Geo. B Stemen attended.

H. L. Taylor, of the north side, sprained his ankle while running to a fire on Sherman street, yesterday afternoon, and will not be able to be out for some weeks.

RATIFIED.

China Finally Signs the Papers and Withdraws Her Request for Prolonging the Armistice.

YOKOHAMA May 9.—China has withdrawn her request to have the armistice prolonged, and ratifications of the treaty of peace have been exchanged.

BIG SALMON.

Sent From Maine to Mr. Harry G. Robertson, of This City.

Harry G. Robertson, of the People's Store, received by express this morning a salmon which is the largest ever seen in this city. It was sent to him by his friend, A. Mitchell, of Norwich, Conn, one of the partners of the syndicate firm of the People's Store in the east. It was caught by Mr. Mitchell in the Penobscot river in Maine, weighs thirty pounds, and is three feet and six inches long The only mark on the body was the wound made by the gaff through the back at the time it was killed Mr. Robertson has sent the big fish to Centlivres where it will be frozen in ice and then placed on exhibition in the show windows of the People's Store. Mr. Robertson was, himself, quite a salmon fisher and he is proud of the big fish which his friend has sent him.

CHRISTIAN ENDEAVOR.

Convention of the Societies of the District Held in This City.

Good Citizenship Meeting Tonight—Program Tomorrow and Saturday—Local Societies and State Union.

The delegates for the district convention of the Christian Endeavor societies for the counties of Allen, Adams, Huntington, Wells and Whitley, began arriving in this city today, and tonight, at the Westminster church, they will begin their two days' session with a grand rally in the interest of good citizenship, at which brief addresses (five minutes in length) will be delivered by Mayor Oakley and Revs Ainslie, Bickford, Leeper, Rice and Northrop, following which an informal reception will be given the delegates

The business meetings of the convention will begin tomorrow morning with a praise service and an address of welcome, delivered by J. M. Crowe, followed by a response from Miss Battenberg, of Decatur, the report of officers, appointment of committees, miscellaneous business, a history of the Christian Endeavor movement, by Miss Cap Gorrell, "Necessity of the Pledge," by Miss Maggie McBride, of Bluffton, "Public Obligations of the Pledge," J. C Keith, Columbus, Ohio, "Could the Pledge be Made Better—How?" Clinton Wilson, Fort Wayne; "The Future of Christian Endeavor, or What is Before Us," Miss Bee Darwin, Decatur.

In the afternoon addresses will be delivered by Rev J. P. Rice, of this city; Minnie Christen, of Monmouth; Harriet Wertzberger, of Decatur; M. W. Landis, of Huntington, and Miss Ada Wiesner, of Decatur.

In the evening Rev. E. Craven, of Ossian, will speak on the theme "Systematic Giving, its Necessity and Benefits," and J. Z Tyler, of Cleveland, Ohio, on "C. E and World Wide Missions."

Saturday morning at 6 o'clock there will be a sunrise prayer meeting, led by Dr. Schrader; praise service at 9 o'clock, conducted by Mrs. F. W. Antrup, of this city; "Necessity of Junior Societies," by J. Garard, of Decatur; "The Relation of Juniors to the Church and to the World," Miss Nettie Hubler, Decatur. Topics of interest will be discussed by other delegates from the different societies and at 10:45 o'clock Judge L J. Kirkpatrick, of Kokomo, the state president of the societies, will deliver an address on "Interdenominational Fellowship."

The arrangements for the convention and the entertainment of delegates are under the charge of the different societies in this city, and this will be well done for Fort Wayne has active and efficient Christian Endeavor organizations, as will be seen by the roster of officers which is as follows:

Local Union—President, Dr. W. F. Schrader, vice president, William Meyers, secretary, George U. Darker; corresponding secretary, Miss Stella Nelson; treasurer, Paul Mossman; program committee, Miss Jennie Bowman; good citizenship, Rev. P. J. Rice.

Church of Christ—President, R W. Smythe; vice president, Ormonde Davis, secretary, Bessie Dillie, corresponding secretary, John Wagner, treasurer, Hattie Congdon

Christ's Lutheran—President, Etta Orr, vice president, Maud Merillat, secretary, Rose Orr; corresponding secretary, Etta Orr, treasurer, Edith White.

In this connection the following concerning the state union will be of interest

The Indiana Christian Endeavor union was organized in Chicago at the time of the seventh international convention, held in that city on July 8, 1888 and the following elected as the first officers:

President—Rev. J. C Cromer, of Fort Wayne.

Vice President—Rev. J H. Miller, of Evansville.

Secretary—Elizabeth M. Wishard, of Indianapolis.

Treasurer—Rev. J. L. McNutt, of Indianapolis.

The first state convention, was held in the Y. M. C. A. building in Indianapolis, on October 2 and 3 of the same year. At the date of this convention there were only forty two societies in the state, and about sixty delegates were enrolled at the convention.

During the six years that followed the state conventions met at Indianapolis, Evansville, Kokomo, Terre Haute and Fort Wayne, the meeting in this city occurring in 1892, and the societies at the convention which met at Indianapolis in October, 1894, numbered 1 340, with a membership in the state of 67,000

The present officers of the state union are President, Judge L. J. Kirkpatrick, of Kokomo, vice presidents, Rev. M. H. Appleby, of North Indianapolis; Rev. G. W. Kapp, of Richmond; Rev. E O Ellis, of Fairmount; Rev. J. W. Wilson, of Indianapolis, Mr. W. A. Cling, of Evansville, Miss Harriett J. Wishard, of Indianapolis; secretary, Miss Jennie T. Mason, of Indianapolis; treasurer, Charles J. Buchanan, of Indianapolis.

The state is divided into twenty districts, well organized and with a secretary in charge of each district. Most of the counties in the state are thoroughly organized, with a county secretary in charge of the work.

Nineteen different denominations are represented in the work of the state union. The Christian (Disciples) leads with 413 societies. The Presbyterian comes second with 328 societies. The Friends' third, with 104 The Baptists fourth, with fifty societies.

AT A PISTOL'S POINT.

August Lang Held Up and Robbed Last Night.

Attacked by Five Toughs at the Corner of Clinton Street and the Nickel Plate Tracks.

August Lang, a young man who has been employed as extra motorman on the electric street car lines, was stopped at the Nickel Plate crossing on Clinton street, about 12:30 o'clock last night and robbed of $10 in cash, a silver watch worth $22 and a gold chain valued at $9.

Lang was en route home after being out spending the evening in the northern part of the city. As he was crossing the railroad tracks a young man stepped out from behind a freight car and grabbing him by the collar asked him for his money.

Lang drew back and struck the highwayman in the face with his fist, knocking him down. Just at this moment four other rough-looking fellows ran out from behind the car. One of them thrust a revolver in front of Lang's face and commanded him to hold up his hands. The other fellows then relieved the victim of his wealth.

"If you say anything about this we will kill you," said one of the toughs as they walked off. Lang, however, reported the matter to the police this forenoon.

The toughs are supposed to be Fort Wayne loafers who were out of funds. Mr. Lang is a son of J. H. Lang, the South Calhoun street baker.

POLICE COURT.

There was quite a crowd at police court this morning, seven prisoners being on trial.

Frederick Webber, an old and well known citizen, living at 55 Hugh street, on complaint of the neighbors was arrested last night. The old gentleman had a loaded 38 calibre revolver, and was running about in a frantic manner. Sergeant Jewell captured him and put him in a cell. This morning the mayor took the case under advisement as Webber has once before been declared of unsound mind.

Herman Ecker and August Henn were two tramps last evening arrested by Watchman Fuchuber, at the east yards. They were both sent to jail for fifteen days.

Marius Freeland was a vag who had broken open a Nickel Plate freight car and was captured in the yards. He was slated for vagrancy and sent to the station. This morning he went on the stone pile for fifteen days.

Henry Kramer and F. H. Boyd were sent to jail for ten days for drunkenness. George Horton was charged with the same offense, but his honor took the case under advisement.

Tonight, at hall, on Court street, you will again have the opportunity of receiving a comforting message from some dear spirit friend. Admission only ten cents

Notice, Chosen Friends.

All members of Columbian Council No. 3, O. C. F., are hereby notified to be present at the meeting tonight to complete arrangements for the funeral of our deceased friend, C. C. Gumpper. All members attending the funeral shall meet at the hall on Friday at 1 p. m.

THE UNIT OF VALUE.

The Ratio of Gold and Silver From 1792 to 1873.

Judge Vincent Recites a Controversy, to Which Harvey, the Author of "Coin," Makes Reply.

CHICAGO, May 9—During a recent discussion at the Iroquois club between Professor Heiling ex Mayor Hopkins, Sigmund Zeisler, W. S. Forest, the last two prominent lawyers, the truthfulness of certain statements in regard to the unit value in the United States from 1792 to 1873, was questioned. This argument resulted in a controversy which, by agreement, was referred to Judge William A. Vincent, president of the Athenaeum club, for decision. Mr. Zeisler stated that under the statute of 1792 both gold and silver were made units of value in the United States. Mayor Hopkins denied the proposition. Judge Vincent says in his decision:

"I am of the opinion that under the act of 1792 the unit was to be the dollar, the value of this unit was to be measured in both gold and silver, 371¼ grains being the quantity of silver, and 24¾ grains being the quantity of gold, which were to equally express the measure and value of the unit adopted. As I conceive this to be the point at issue, as understood by the parties to the controversy, and which was to be decided to be expressed in the written statement thereof, I decide in favor of the affirmative of the proposition."

W. H. Harvey, author of "Coin" has this to say in regard to Judge Vincent's decision on the unit of value from 1792 to 1873:

"As I read the decision I read a favor. Mr. Vincent quotes Hamilton's report and argues that congress adopted it and uses this as the basis of his decision, when, in fact, congress turned Hamilton down." Here is what Hamilton recommended. I now quote from his report before me:

"One gold piece equal in weight and value to ten eagles or dollars."

"One gold piece equal to a tenth part of the former and which shall be a unit or dollar."

"One silver piece which shall also be a unit or dollar."

"Congress refused to adopt the gold unit clause and did enact the following:

"Dollars or units—each to be of the value of a Spanish milled dollar, as the same is now current, and to contain 371¼ grains of pure or 416 grains of standard silver."

"Hamilton's recommendations was just the reverse of the report of the committee on the continental congress on the monetary unit and the opinion of other statesmen of that time. Judge Vincent had the benefit of these reports. Hamilton recommended one thing, congress did the reverse, and Vincent quotes Hamilton as authority. In the science of money there should be no such thing as having a unit of value made from two kinds of property. As well have a unit of account with two different figures to represent it."

CORBETT-FITZSIMMONS.

Their Prize Fight May Take Place at Dallas, Texas.

DALLAS, TEX., May 9.—It looks now as if Dallas would surely get the Corbett-Fitzsimmons prize fight and that it will come off during the Texas state fair and Dallas exposition next October. Since the outcoming by legislative enactment of Dallas two days ago of prize fighting in Florida and Louisiana, Wm. A. Brady and Joe Vendig have been in wire communication with Dan A. Stuart, the wealthiest sporting man in Texas, to arrange to have the fight take place in Dallas. The details are partially completed; a definite decision will be reached before the week is ended. About $40,000 will be required.

LOST HIS LIFE

During a Hotel Fire at Montrose, Colorado.

MONTROSE, Col., May 9.—C. W. Neeborne, agent for the Deering Meeklee Co., of Chicago, lost his life early today in a fire which destroyed the Hotel Arlington. His charred remains have been found in the ruins. Mrs. E. H. Smith, proprietor of the hotel, escaped by jumping from a second story window but is in a precarious condition from cuts and burns. The house was nearly full of guests, several of whom sustained burns and wounds. Loss $25,000.

Sale of Bonds.

NEW YORK, May 9.—The Central Trust company trustee of the consolidated mortgage of the Manhattan railroad company has delivered to Messrs. J. P. Morgan & Co. all the 4 per cent bonds issued under that mortgage to retire the New York elevated 7s. The last of the block of $8,925,000 has been delivered to the banking firm. Negotiations for the sale of these bonds in the London market were completed some days ago.

Strike Settlement.

WARDNER, Idaho, May 9.—The Bunker Hill and Sullivan management have expressed a willingness to resume work in their mine at $3 for miners and $2 50 for car men and shovelers. It is believed the four hundred men now out will accept this and work will be resumed.

Drunken Fight.

SEATTLE, Wash., May 9.—While the big British ship Drumcock, now loading here with wheat, lay at Rio Janeiro, the crew mutinied and were subdued only after a hard battle. The men got drunk on shore, and returning on board began an attack on Captain Baillie and First Mate Taylor. The petty officers and two apprentices came to their aid and they laid about them with belaying pins until all the mutineers were knocked senseless. One of them afterward died of fever and another deserted. The story wired from Takoma that pocketbooks had been made of the cuticle of Tom Blanck, the desperado, is untrue.

NEEDS ONLY TWO VOTES

To Make Dupont the Next Senator From Delaware.

The Floor of the House Crowded With Politicians, the Excitement Intense and Weather Hot.

DOVER, Del., May 9—The floor and lobby of the house chamber, where the joint sessions are held, were uncomfortably crowded with politicians and spectators when the session reconvened at 9 o'clock this morning and as the weather is very hot, the atmosphere soon became stifling.

The interest was intense from the start. Early morning conferences of the leaders resulted in a combination of the Higgins and Massey forces upon Colonel Henry A. Dupont, the result being shown in the first ballot of the day. After six ballots had been taken, with Colonel Dupont needing only two votes to insure his election, an adjournment was forced until noon.

During all the balloting Mr. Addicks was sitting back and forth between the lobby and the chamber of the house, apparently bending every effort to the election of his friend, William Dupont. The latter's success seemed secured last night, but the protest from leading republicans all over the state, which reached here this morning, appear to have turned the tide against him.

The desk of Representatives Robbins and Brown, the two Sussex county farmer legislators, whose votes are needed to elect Henry A. Dupont, have been surrounded all the morning by a bodyguard of Addicks people, who seem to be making every effort to prevent these two men from voting with the majority of their fellow republicans and thus end the deadlock.

HAWAIIAN AFFAIRS.

The Gresham-Thurston Matter Given Publicity.

Mr. Thurston Makes a Breach of Etiquet, Refuses to Apologize and Withdraws.

SAN FRANCISCO, May 9.—Hawaiian advices received today from Honolulu, dated May 3, per steamer Mariposa, are as follows: "The letter demanding the recall of Minister Thurston is here, and was read to the executive session of the councils yesterday afternoon. This letter had been to Hong Kong, and from Honolulu is here with a couple of hundred others. The fault lies with the postoffice at San Francisco. The ground of the objection to Thurston is confined to a single translation. The sole offense alleged is that Thurston, at the legation, showed to a reporter private letters to Minister Irwin from Honolulu. The particular letter that gave such offense to the secretary of state, intimated in strong terms that Cleveland and Gresham were largely responsible for the January uprising here. Gresham spoke to the Hawaiian minister about the matter. Thurston said that he regretted it very much; that in the hurry of handling a big mail, he had shown the letter with others without any special intent. In short he apologized. Secretary Gresham thereupon asked that the apology be submitted in writing. Thurston declined to do this. Gresham's letter is dated February 21 last, and in strong language stated Thurston is no longer personally acceptable to the executive location or Washington as Hawaiian minister. It is definitely settled Thurston will not return to Washington. He has resigned his office, his resignation to take effect when his successor has been appointed. Extremists here urge that he be sent back at once, in order to face Gresham again. They regard his return as a "back down." The conservatives feeling is there should be no playing to the galleries, and that the relations of this government to that of Washington should be left to adjust themselves in a natural way. Frank Hastings, who is at present in charge of the Hawaiian legation, will probably be promoted to the position of minister. No retaliating measures will be taken by the government, so a cabinet officer states, and Minister Willis will remain in Hawaii so far as anything the officials on this side may do or say to him.

The queen has become tired of prison confinement and will soon make an effort to gain her freedom. Her friends have been busy for some days working in her behalf and a writ of habeas corpus will be sworn out within a day or two. Paul Neumann, her attorney, is preparing his argument. It has been a complete surprise to the government that no attempt has been made to test the validity of the military court, that recently dealt with the rebels. It was generally understood that a test case would be made as soon as it adjourned, but for some reason no action was taken.

UNION MOULDERS

Go on a Strike at Indianapolis for Increased Wages.

INDIANAPOLIS, May 9—All the union molders in this city went on strike this morning. The molders demand a rigid scale of wages of $2.25 to $2 50 per day. They are now receiving from $2 to $2.40. A recognition of the union is also demanded. The owners of the ten plants involved will, they say, grant neither demand.

HON. A. H. HAMILTON.

The Venerable Ex-Congressman Lying at the Point of Death.

Early in the Week Obstruction of the Bowels Frustrates Him and He is Now Beyond Recovery.

Word reaches us from the Hamilton homestead at 3 o'clock this afternoon that Hon. A. H. Hamilton is lying at the point of death and may not survive the afternoon.

The children, who are attending school in the east, have been summoned home by telegraph.

Mr. Hamilton was taken seriously ill the fore part of the week with obstruction of the bowels.

His disease took a more serious turn today and three physicians have been in almost constant attendance.

To a SENTINEL reporter one of these physicians stated, late this afternoon that the patient could not live but a few hours.

SMALL BOY DROWNED.

Sad Accident Near the Columbia Street Bridge.

Frederick C. Geerkin, Aged About Seventeen, Meets With a Sad Death —The Body Recovered.

This morning, about 10 o'clock, Frederick C. Geerkin, the seventeen-year-old son of Frederick H. Geerkin, of No. 28 Eliza street, met with death by drowning in the Maumee river, just below the Columbia street bridge.

The young man, in company with a comrade named Dewey, of 58 Harmer street, and Charley Dinnen, of 314 Monroe street, had gone to the river to fish. During the past few days the stream has risen about three feet and the boys started to wade to the small island, or rather rock pile, which formerly made a resting place for one of the piers of the old bridge. The current was quite swift and in crossing Fred stumbled on a stone and fell. As he did so he tried to grasp the hands of one of the boys but the current was too swift and he was borne down to a point where the water was ten feet deep.

The other lads shouted for him to swim and hurried on shore to make an effort to reach the shore but not being a very good swimmer soon sank.

The alarm was soon given and Superintendent Liggett and Lieutenant Lapp at once went to the scene. A boat and a long hook were secured and Henry Haszard, J. W. Craigue and Joseph Kennedy, the two latter search, succeeded in finding the body.

For some months past Fred has been employed as a caller by the Grand Rapids and Indiana railway, but lately he has not been working. His father is a Pennsylvania company machinist. The funeral will be held Sunday afternoon, at 2 o'clock, from the St. Paul's Lutheran church, on Barr street.

ANOTHER DIVORCE.

Mrs. John Boylan Seeks a Separation From Her Husband.

Cora Bennett is Acquitted of the Charge of Larceny—Other Cases in the Courts.

Mrs. Mary E Boylan has begun suit, through her attorney, James R Graham, for a divorce from her husband, John Boylan, the cause alleged for a dissolution of the marriage ties being abandonment. The defendant was formerly the proprietor of the Jewel house, on Calhoun street, and is well known. He left the city some months ago and has not since returned.

The case of the state against Cora Bennett, who was charged with stealing the wardrobe of her roommate, Mrs. Susie Woods, went to the jury at 5 o'clock yesterday afternoon and within a half hour the jury brought in a verdict of acquittal. The defendant showed that she had taken the goods because Mrs. Woods was indebted to her.

At his office last evening Justice Huser united in marriage Mr. William Wolf and Miss Emanda J. Golden both of this city.

George Becker and Nora Piepenbrink, William Wolf and Rosanda J. Golden, John Locke and Blanche Lawrence, Edward Gallaud and Mary Baret have been licensed to wed.

The case against William Anderson for burglary has been continued in the superior court until May 15.

The case of William Clear and Joseph Geis for selling liquor on Sunday, were continued by Justice Huser until Monday afternoon.

Constable Johnson paid a visit to the house of ill-fame kept by Mrs. Barnum last night and arrested Thomas O'Brien, Jennie Benton, Jonnie Jones and the landlady, Mrs. Barnum. All of them were fined $5 each by Justice Robeson, except Jennie Benton, who is having her trial this afternoon.

Yesterday S. M. Hench filed in the supreme court, at Indianapolis, the transcript in the case of the state vs Lorenzo D. McNutt, superintendent of the Fort Wayne Street car company. The briefs and arguments of Judge Hench for the state and Judge John Morris for McNutt were also filed. Mr. Hench also filed the transcript in the supreme court in the case of Henseger vs. Lomax. This case was appealed from the superior court.

The Cuban Trouble.

MADRID, May 9.—Noon.—The government has received no news which would tend to confirm the report in circulation in the United States that Capt. Gen'l. Martinez de Campos has arrived at a settlement with the rebel leaders in Cuba.

DEATHS AND FUNERALS.

Mrs. Josephine Noonan, an Early French Settler, Dies.

Was About Eighty Years of Age and Came Here When Only Sixteen Years Old.

Mrs. Josephine Noonan, one of the earliest of Allen county's French settlers, died this morning about 3 o'clock at the Hedekin house, where she has made her home for the past two years. The cause of death was cancer and general infirmities. Mrs. Noonan was born in France about eighty years ago, and when a child of sixteen came to this country with her parents, Mr. and Mrs. Pepe, who settled on a farm near what is now known as Academic Station. The deceased was first married to Patrick McKinnis, and of this union two sons were born. They are Frank, of New Haven, and Daniel, of Hammond. Some years after the death of her husband Mrs. McKinnis married David Noonan, and of this union one child survives, James A., who is now postmaster at Hunterstown and a well known and prosperous merchant. Louis, a brother, lives six miles from this city on the Goldsmith road. The funeral will be held Friday morning at 9:30 o'clock from the Cathedral, and the interment will take place at St. Vincent cemetery.

KROEMER.

Mrs. Philipena Kroemer, aged sixty-eight, died last night at her home in Washington township, of asthma. The husband of the deceased has been dead many years. She leaves the following children: William, Henry and Christian, Mrs. Charles Tilker, Misses Mary, Ginda and Sophia.

ALLGEIER.

Miss Elmabeth Allgeier, aged thirty-five, died of consumption at 4:30 yesterday afternoon at the home of her sister, Mrs. Matthias Zahn, No. 241 East Jefferson street. The lingering disease had kept her an invalid for many months. Her mother resides in Adams township and two brothers, Albert and Edward, live here. Three other brothers reside in Grand Rapids. The funeral announcement will be made later.

OTHER DEATHS AND FUNERALS.

The funeral of the late Christopher Grimpper will be held tomorrow afternoon from the residence, at 1:30, and half an hour later from the Grace Reformed church, the Rev. Zartman officiating.

William Stevens, an old citizen of this city, who has been living in Chicago for some years past, died in that city yesterday morning. Funeral services will be held in this city, at the residence of Will H. Tigar, Friday afternoon at 2 o'clock.

Word was received in this city yesterday evening announcing the death of Angelina Shippy, which occurred at the Eastern Hospital for the Insane, at Richmond. The deceased was a sister of Mrs. Enoch Clark, of Aboite township. The remains were brought here for interment this morning.

TRIED TEN OF THEM.

A LaPorte Man Secures a Divorce From His Tenth Wife.

His Last Wife Was His First Bride and in Both Cases Marriage Was a Failure.

LAPORTE, Ind., May 9—Abraham Rimes was today granted a divorce from his tenth wife. The evidence taken at the trial of the case disclosed the fact that Rimes' last wife was his first bride, and he had married eight other aspirants for his affections before he was again wedded to his first wife, from whom he was legally separated shortly after marriage.

MINING TROUBLES.

Majority of the Strikers Hold Out for a New Scale.

MASSILLON, Ohio, May 9.—The miners employed in the Kenase mine held a meeting and decided to resume work at the sixty cent rate until the state price per ton has been established. Many of the miners feel that districts in the state will establish their own prices, and have asked the local operators to pay sixty cents for the ensuing year. State President Ratchford, of the miners' organization, stated, however that there is no possibility of the districts adjusting the respective rates, even though some operators have expressed a willingness to pay in excess of sixty cents.

A SPECIAL SESSION

Of the Indiana Legislature May Become Necessary.

INDIANAPOLIS, Ind., May 9.—There is a movement on foot to unite with county officers in an effort to have the fee and salary law, passed by the last legislature, declared unconstitutional on the ground that it is special legislation because it declares that officers of certain counties shall receive certain amounts. This is independent of the effort of the auditors and treasurers to have one section declared invalid. If the whole law is declared unconstitutional by the supreme court a special session of the legislature would be necessary.

Thirteen Hundred Deaths.

YOKOHAMA, May 8.—Advices received here from the Pescadore islands shows 1,300 persons died there from cholera during one month. The epidemic is now subsiding.

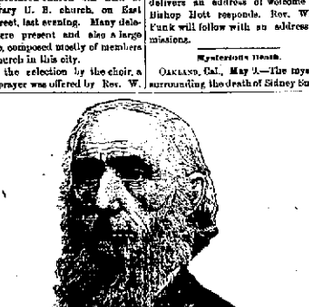
BISHOP J. S. MILLS.

The United Brethren Begin Their Four-Day Conference.

Strong Sermon Last Evening by One of the Ablest Minds of the Church—Today.

The first session of the four-days' meeting of bishops and clergy of the United Brethren church was held at the Calvary U. B. church, on East Lewis street, last evening. Many delegates were present and also a large audience, composed mostly of members of the church in this city.

After the selection by the choir, a fervent prayer was offered by Rev. W.



BISHOP J. WEAVER, D.D., SENIOR BISHOP OF THE U. B. CHURCH

L. Richardson, D. D., of Knoxville, Tenn. He petitioned for the bestowal of bountiful graces upon all Christian churches of the world, and particularly upon that denomination which he represented. He asked for the watchful guidance of the Creator upon the meeting about to convene.

The annual sermon was then delivered by Bishop J. S. Mills, D. D., Ph. D., of Eugene, Oregon, and it was a masterly effort, full of wholesome truths and sound reasoning upon the every-day life of the Christian man. Bishop Mills first read the twenty-fourth Psalm and then announced his text from second Corinthian, chapter 6, verse 1: "We then, as workers together with Him, beseech you that ye receive not the grace of God in vain."

The speaker began by saying that we are all co-laborers with Christ, and that this sentiment can be more strongly applied by the term, "partners with Christ." In many minds the nation of heaven and Deity are remote. God is placed away off in the distance. The ordinary mind can hardly adjust the distance, but it is there. "But," continued the speaker, "there is a broader conception than this and opposed to the theory of the distance of the creator. It is the conception which brings God to the material world about us." A wholesome thought, is that of the fellowship of the creator with the created. It is a partnership which causes us to take Him into our hearts every day and every minute of our lives. Not on Sunday, merely, but each day of the seven.

There is a new spirit abroad in the world and logical argument can plainly show that there is a distinct fellowship or partnership of the individual with God.

First, it is plainly evident that a fellowship exists, in man's subjugation of nature. We are commanded in Genesis to "subdue the earth." God has placed all things at our disposal as capital and we, as partners, are to utilize every force and material. And how rapidly we are overcoming all obstacles in the material world by the employment of the great agencies at our command! Man has almost eliminated pain from the world.

Next, we are to be partners with God in beautifying the earth. There is an esthetical side to our nature and it is an attribute to be cultivated. The man or woman who plants a tree, a beautiful flower or creates an ornament out of his artistic brain, is fulfilling an instinct which is a part of his nature and which brings him into closer fellowship with God.

God has also ordained a fellowship with man in the accumulation of wealth. Not the wealth which is fit gotten by fraud, but the wealth which follows honest toil. God is the silent partner of the farmer, of the miner and of the mechanic, just as much as he is of the tradesman and others who labor.

There is also the fellowship of God in the distribution of wealth. We are commanded to care well for our bodies—to eat, drink and be strong that we may care for the Master's business. We should not neglect our children or families. Now of this partnership there is a certain portion of the profit which belongs to God as His share in the investment. Some put it down as one-tenth, but it is even more. In this connection may be mentioned the prodigious waste of the world's wealth in liquor and tobacco. What an enormous loss this is to contemplate.

In conclusion, we are not to commune with God simply in the outward forms of worship but to embrace the fellowship of God in our everyday life. He wants us all to enjoy the earth and live the life of happiness which he has ordained for us.

At the conclusion of Bishop Mills' sermon Bishop Weaver announced a number of committees for today's work and other remarks were made by A. D. Craig.

TODAY'S PROCEEDINGS.

Today's proceedings embrace a business meeting, conducted by the Senior Bishop, J. Weaver, D. D., of Dayton, Ohio. This began at 8:30 this morning and continued throughout the day. This evening, at 7:30, Mayor Oakley delivers an address of welcome and Bishop Hott responds. Rev. W. R. Funk will follow with an address on missions.

Mysterious Death.

OAKLAND, Cal., May 9.—The mystery surrounding the death of Sidney Smith,

NEARLY DISEMBOWELED

Martin Madden Caught in Machinery at the Fox Bakery.

William Martin Struck by a Swiftly Moving Elevator—A Number of Other Persons Injured.

Martin Madden, an employe of the Fox Cracker bakery, met with a narrow escape from a horrible death last evening while at work about the machinery in this factory. In some manner his trousers, near the waistband, were caught in a cog wheel and in an instant he found himself being drawn into the machinery. The cogs caught his flesh and he was almost on the point of being disemboweled when the machinery was stopped by a fellow laborer, to whom Madden had frantically shouted. The injured man was removed to his home, No. 114 Francis street, where Dr. McCourt attended. The man was found to be seriously, but not dangerously injured. The injury was mainly to the thigh and lower part of the abdomen. He will be laid up for some time.

STRUCK BY AN ELEVATOR.

Last evening, about 5 o'clock, William Martin, an employe of the Newspaper union, was struck on the right shoulder by a freight elevator and badly injured. Dr. Dunuiling attended. No bones were broken, but the man will be laid up for some time.

OTHER CASUALTIES.

Flon Coleman, an inmate of Tillis lunce' bagnio, on North Calhoun street, was riding a bicycle on the jail flats this morning, when she fell, breaking the bones in her right fork. She was seriously injured and was removed to the hospital.

A. J. DAWSON, a shopman, had two fingers badly mashed this morning. Dr. A. J. Howell attended.

William Rebeo, a young man living on South Calhoun street, had his fingers badly mashed by machinery this morning. Dr. Geo. B. Stemen attended.

H. L. Taylor, of the north side, sprained his ankle while running to a fire on Sherman street, yesterday afternoon, and will not be able to be out for some weeks.

RATIFIED.

China Finally Signs the Papers and Withdraws Her Request for Protonging the Armistice.

YOKOHAMA, May 8.—China has withdrawn her request to have the armistice prolonged, and ratification of the treaty of peace have been exchanged.

BIG SALMON.

News From Maine to Mr. Harry G. Robertson, of This City.

HARRY G. Robertson, of the People's Store, received by express this morning a salmon which is the largest ever seen in this city. It was sent to him by his friend, A. Mitchell, of Norwich, Conn., one of the partners of the syndicate firm of the People's Store in the east. It was caught by Mr. Mitchell in the Penobscot river in Maine, weighs thirty pounds, and is three feet and six inches long. The only mark on the body was the wound made by the gaff through the back at the time it was killed. Mr. Robertson has sent the big fish to Centlivre where it will be frozen in ice and then placed on exhibition in the show windows of the People's Store. Mr. Robertson was, himself, quite a salmon fisher and he is proud of the big fish which his friend has sent him.

CHRISTIAN ENDEAVOR.

Convention of the Societies of the District Held in This City.

Good Citizenship Meeting Tonight—Program Tomorrow and Saturday—Local Societies and State Union.

The delegates for the district convention of the Christian Endeavor societies for the counties of Allen, Adams, Huntington, Wells and Whitley, began arriving in this city today, and tonight, at the Westminster church, they will begin their two days' session with a grand rally in the interest of good citizenship, at which brief addresses (five minutes in length) will be delivered by Mayor Oakley and Revs. Aindlin, Bickford, Leeper, Rice and Northrop, following which an informal reception will be given the delegates.

The business meetings of the convention will begin tomorrow morning with a praise service and an address of welcome, delivered by J. M. Crowe, followed by a response from Miss Ratterman, of Decatur, the report of officers, appointment of committees, miscellaneous business, a history of the Christian Endeavor movement, by Miss Caspar Gorrell; "Necessity of the Pledge," by Miss Maggie McBride, of Bluffton; "Public Obligations of the Pledge," J. C. Keith, Columbus, Ohio; "Could the Pledge be Made Better—How?" Clinton Wilson, Fort Wayne; "The Future of Christian Endeavor, or What is Before Us," Miss Bee Darwin, Decatur.

In the afternoon addresses will be delivered by Rev J. F. Rice, of this city; Minnie Christen, of Monmouth; Harriet Worthenger, of Decatur; R. W. Landis, of Huntington, and Miss Ada Wiesner, of Decatur.

In the evening Rev. E. Craven, of Ossian, will speak on the theme "Systematic Giving, its Necessity and Benefits," and J. Z. Tyler, of Cleveland, Ohio, on "C. E and World Wide Missions."

Saturday morning at 6 o'clock there will be a sunrise prayer meeting, led by Dr. Schrader; praise services at 9 o'clock, conducted by Mrs. F. W. Antrup, of this city; "Necessity of Junior Societies," by J. Garard, of Decatur; "The Relation of Juniors to the Church and to the World," Miss Nellie Hubler, Decatur. Topics of interest will be discussed by other delegates from the different societies and at 10:45 o'clock Judge I. J. Kirkpatrick, of Kokomo, the state president of the societies, will deliver an address on "Interdenominational Fellowship."

The arrangements for the convention and the entertainment of delegates are under the auspices of the twelfight societies in this city, and this will be well done for Fort Wayne has active and efficient Christian Endeavor organizations, as will be seen by the roster of officers which is as follows:

Local Union—President, Dr. W. F. Richrader; vice president, William Meyer; secretary, George U. Dudley; corresponding secretary, Miss Stella Nelson; treasurer, Paul Mossman; program committee, Miss Jennie Bowman; good citizenship, Rev. P. J. Rice.

Grace Reformed Church—President, Nellie French; vice president, Rev. A. K. Zartman; secretary, Josie Zartman; corresponding secretary, Lillie Walters; treasurer, William Bullet.

Third Presbyterian—President, Mary M. Bonker; vice president, Clinton Wilson; secretary, Alfred Ziegler; corresponding secretary, Rebecca Sinclair; treasurer, Archie Dexter.

Bethany Presbyterian — President, Miss Ham; vice president, Dora Stover; corresponding secretary, Maud Van; treasurer, Dora Parker.

Baptist—President, Charles Hood; vice president, Laura Rohrer; secretary, Lena McElfatrick; corresponding secretary, Katie Rentschler; treasurer, Fred Jenne.

Calvary U. B.—President, J. W. Thora; vice president, A. W. Irelan; secretary, Ethel Pearson; corresponding secretary, Maude Pratt; treasurer, Sadie Lemay.

Church of Christ—President, R. W. Smythe; vice president, Ormonde Davis; secretary, Bessie Dillie; corresponding secretary, John Wagner; treasurer, Hattie Congdon.

Christ's Lutheran—President, Etta Orr; vice president, Maud Merillat; secretary, Rose Orr; corresponding secretary, Etta Orr; treasurer, Edith White.

In this connection the following concerning the state union will be of interest:

The Indiana Christian Endeavor union was organized in Chicago at the time of the seventh international convention, held in that city on July 5, 1893 and the following elected as the first officers:

President—Rev. J. C. Cramer, of Fort Wayne.

Vice President—Hev. J. H. Miller, of Evansville.

Secretary—Elizabeth M. Wishard, of Indianapolis.

Treasurer—Rev. J. L. McNutt, of Indianapolis.

The first state convention, was held in the Y. M. C. A. building in Indianapolis, on October 2 and 3 of the same year. At the date of this convention there were only forty two societies in the state, and about sixty delegates were enrolled at the convention.

During the six years that followed the state conventions met at Indianapolis, Evansville, Kokomo, Terre Haute and Fort Wayne, the meeting in this city occurring in 1892, and the societies at the convention which met at Indianapolis in October, 1894, numbered 1340, with a membership in the state of 57,000.

The present officers of the state union are: President, Judge I. J. Kirkpatrick, of Kokomo; vice presidents, Rev. M. H. Appleby, of North Indianapolis; Rev. G. W. Kapp, of Richmond; Rev. F. C. Ellis, of Fairmount; Rev. J. W. Wilson, of Indianapolis; Mr. W. A. Cline, of Evansville; Miss Harriett J. Wishard, of Indianapolis; secretary, Miss Jennie T. Masson, of Indianapolis; treasurer, Charles J. Buchanan, of Indianapolis.

The state is divided into twenty districts, well organized and with a secretary in charge of each district. Most of the counties in the state are thoroughly organized, with a county secretary in charge of the work.

The three different denominations are represented in the work of the state union. The Christian (Disciples) leads with 413 societies. The Presbyterian comes second with 338 societies. The Friends' third, with 104. The Baptists fourth, with fifty societies.

AT A PISTOL'S POINT.

August Lang Held Up and Robbed Last Night.

Attacked by Five Toughs at the Corner of Clinton Street and the Nickel Plate Tracks.

August Lang, a young man who has been employed as extra motorman on the electric street car lines, was stopped at the Nickel Plate crossing on Clinton street, about 12:30 o'clock last night and robbed of $19—in cash, a silver watch worth $20 and a gold chain valued at $9.

Lang was on route home after being out spending the evening in the northern part of the city. As he was crossing the railroad tracks a young man named Ryan, who is a freight car and grabbing him by the collar asked him for his money.

Lang drew back and struck the high-wayman in the face with his fist, knocking him down. Just at this moment four other rough-looking fellows ran out from behind the car. One of them threw a revolver in front of Lang's face and commanded him to hold up his hands. The other fellows then relieved the victim of his wealth.

"If you say anything about this we will kill you," said one of the toughs as they walked off. Lang, however, reported the matter to the police this forenoon.

Two toughs are supposed to be Fort Wayne lowfers who were out of funds. Mr. Lang is a son of J. H. Lang, the 86-th Calhoun street baker.

POLICE COURT.

There was quite a crowd at police court this morning, seven prisoners being on trial.

Frederick Webber, an old and well known citizen, living at 55 High street, on complaint of the neighbors was arrested last night. The old gentleman had a loaded 38-calibre revolver, and was running about in a frantic manner. Sergeant Jewell captured him and put him in a cell. This morning the mayor took the case under advisement as Webber has once before been declared of unsound mind.

Herman Ecker and August Hann were two tramps last evening arrested by Watchmen Fechheimer, at the west yards. They were both sent to jail for fifteen days.

Marius Rosland was up, who had broken open a Nickel Plate freight car and was captured in the yards. He was slated for vagrancy and sent to the station. This morning he went on the stone pile for fifteen days.

Hardy Kenny and E. H. Boyd were sent to jail for ten days for drunkenness. George Horton was charged with the same offense, but his honor took the case under advisement.

Tonight, at hall, on Court street, you will again have the opportunity of receiving a comforting message from some dear spirit friend. Admission only ten cents.

Notice, Chosen Friends.

All members of Columbian Council No. 3, O. C. F., are hereby notified to be present at the meeting tonight to complete arrangements for the funeral of our deceased friend, C. C. Gumpper. All members attending the funeral shall meet at the hall on Friday at 1 p. m.

GOLDEN MEDICAL DISCOVERY.

The invention of Dr. R. V. Pierce, after consulting physicians in the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., has, during the past thirty years, made a record in the cure of those painful, chronic and lingering diseases that fairly entitle it to unquestioned confidence and medical profession affections. Especially has it manifested its potency in curing severe coughs, even those lingering ones that so often run into consumption.

Fully 98 Per Cent.

of all cases of consumption, in all its earlier stages, are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to have developed the characteristic hectic cough, profuse night sweats and extreme emaciation and weakness.

Beyond doubt this invention has done more good for suffering humanity than any other medicine ever before introduced. Many of the "Golden Medical Discovery" cures seem little short of miraculous, and yet they are substantiated by such well known and honorably established reputation, and by such a mass of unimpeachable testimony, as to forbid the supposition that they are exaggerated. Many of the best known druggists in the country have voluntarily testified, over their own signatures, to the wonderful cures effected by this remedy, and have published the same for the benefit of those afflicted with lung troubles. Such testimony is certainly entitled to the fullest confidence.

Nothing else has such a record.

CHOLERA is spreading in Russia, and Europe is likely to have epidemics of the scourge this summer.

DECORATION DAY comes in three weeks from today. This event, and also the Fourth of July, will both fall on Thursday this year.

THE Cincinnati Enquirer has published reports from its correspondents in Indiana, Ohio, Kentucky and West Virginia, and the testimony is to the effect that the business outlook is exceedingly bright.

MR. WHITEHEAD has voluntarily retired from the editorial management of the Independent-Telegram, of Richmond, and he is succeeded by John C. Ochiltree, of Indianapolis, a writer of experience. There will be no change in the political lines of the paper, which will continue to be strictly republican.

INDIANA is likely to furnish presidential timber for all the tickets: Matthews for the democrats, Harrison for the republicans, Bela for a combination of the labor-silver-populist party, and either Dr. R. V. Hunter or Dr. W. H. Hickman for the prohibitionists. Indiana appears to be right in it as far as presidential candidates are concerned.

MR. M. M. MAYENTHEIM, the present proprietor of the Lafayette Daily Courier, became connected with that paper as a carrier boy when he was only seven years old. Upon the death, in 1888, of Mr. W. S. Haight, who conducted the Courier for twenty-five years, Mr. Mayenthein became its owner and he has made it one of the best papers in the state.

THE Hawaiian legation at Washington has received the annual blue book of Hawaii, and the reports of the various government branches. It gives the population of the islands as 89,990, of which there are natives, 4,000; half-castes, 6,186; Hawaiian born foreigners, 7,560; Americans, 2,000; British, 1,300; Portuguese, 8,600; Chinese, 16,300; Japanese, 12,300. The American population is small, but its interests are great. There is $18,000,000 of American capital invested in sugar corporations out of a total of $20,000,000. There is an investment of $25,000,000 of American capital in various enterprises in a total of $35,000,000. The Hawaiian export last year was almost entirely sugar, of which there was a third of a million pounds, valued at $10,240,000. All of this, except an insignificant amount, came to the United States. The public debt of Hawaii is given at $5,117,492, and the assets of the government are placed at $7,940,601.

GOVERNOR MATTHEWS is planning for a trip through the south next September. It is understood by his friends that it will be his introduction to the country as a candidate for the democratic nomination for president. He will visit the Atlanta exposition, and will probably be the guest of organizations in different southern cities. The governor is spending much of his spare time studying the currency question, and it is expected that most of his talks in the south will be on this subject.

THE detailed crop reports from the cotton states are quite gratifying. The bulletin states that in Texas cotton is nearly all planted, except in the northwest portions of the state, while in Alabama and Arkansas planting is about finished. In Louisiana and Georgia cotton is up and being worked. Kentucky reports "perfect weather" for all crops; Tennessee, "exceptionally favorable weather;" Missouri, "all crops greatly improved."

SECRETARY MORTON is of the opinion that there is binding force in the clause of the law which says that the department of agriculture shall send out such seeds "as are rare and uncommon in this country," and that it is no part of the department's duty to ship free of cost to friends, neighbors and countrymen common cabbage seed such as may be bought anywhere. There seems to be reason in the secretary's position.

CHINA and Japan are now at peace. As will be seen by our telegrams today the final ratifications between the two powers have been exchanged. The war was a disastrous one to both nations, but in it China was the greatest sufferer. Terrible as it was in the number of lives lost and property destroyed it will no doubt be a benefit to civilization, as it has been the means of opening up these two countries to the trade of the world.

THIS is a veritable convention week in Fort Wayne. THE SENTINEL today gives accounts in its local columns of the national convention of the United Brethren church, the district convention of Christian Endeavor and the semi-annual meeting of the Missionary union. The military order of the Loyal Legion of the United States will close the week with a state meeting in this city.

It is very easy to understand why China has encountered stoutly defeat in her war with Japan. The cause rests in the treatment she accords to the common soldier. Japan's common soldiers are so full of fiery patriotism that the peace negotiations were kept long from them and the common people for four days would be a revolt if the war stopped before the army had reached the gates of Peking. Japanese soldiers are fairly well fed and well taken care of. Those of China, on the other hand, are wretchedly paid. If they are wounded, even the miserable pittance they are accorded on duty stops, as it also does if they are ill. There is no pension for either them or their families under any circumstances. They are so many cattle who exist only for the benefit of the emperor and the chief noblemen. They have no patriotism. How could they have? To makes little difference to them whether they live or die. At the same time they are treated so wretchedly it is said that the private fortune of Li Hung Chang has squeezed out of the common people amounts to $200,000,000. What wonder China was whipped!

THAT new horseless carriage in Springfield, Mass., has been so perfected that it is now in operation. Its inventor claims that it costs only a cent an hour to run. A vehicle for the country like the ordinary "buggy" weighs 600 pounds. The speed can be gauged at from 5 to 10 miles an hour, it is claimed, and after it has been running 10 miles an hour there is no horse to rest, water, feed or unhitch down. The machine draws it never gets sparin, splendors or hots. The engine gasoline, so managed that an electric spark ignites one drop of it at a time, producing a slight explosion and rapid expansion of air. Finally the motor is carried backhe the wagon and weighs only 120 pounds. If this vehicle comes to be the vogue, then poor people can afford carriages.

THE Medico-Legal Society of the United States will meet in congress in New York city the last of August. Doubtless the meeting will bring before the public important and valuable papers. The knowledge of where law and medicine touch has always been one of intense interest to members of both professions. Whereabouts sanity end and insanity begin? is one of the nuts lawyers and doctors are trying to crack. How the profounder psychological problems known to man come to the surface and demand solution. In fact, one of the most interesting divisions of the Medico-Legal society is its department of psychology. Both men and women are eligible to membership in this organization.

THE school year has closed already in some places and will soon close in others. Then the youngsters will be free to get outdoors and in work and occupation learn the old yet known which constitute much of the best of their education. But it is a pregnant one to think of the examinations for certificates that so many of the poor teachers will have to undergo in order to get schools again. It will no doubt dim the pleasure of vacation. There is nonsense in these repeated examinations that school teachers in constant practice must undergo. Why does not the law require doctors, lawyers and preachers to be re-examined and get new diplomas every year or two?

THE government of Chile will have a rosier kabbit exhibit of nitrate fertilizers at the International and Cotton States exposition.

INITIAL MEETING

Of the Missionary Union is a Success.

Society and Its Affairs—Reception Given by Mrs. Rabbonnis for the Misses Gotton—Short Notes.

The first semi-annual meeting of the Fort Wayne Missionary union was held yesterday afternoon and evening and in points of attendance and interest manifested and work accomplished, was pronounced success.

The exercises opened at 2:30 in the afternoon, with delegates from the following churches present: Christian, First Baptist, First Presbyterian, Grace Reformed, Plymouth Congregational, Third Presbyterian, Trinity English Lutheran, Trinity Episcopal, Wayne Street Methodist, St. Stanislaus Presbyterian.

Our devotional exercises led by Mrs D B Wells, an election of officers was held and resulted as follows:

President—Mrs. D. B Wells, of the First Presbyterian church.

Vice President—Mrs. Martin S Wilson, of the Westminster church.

Secretary—Mrs. H. B. Dyer of the Trinity Episcopal church.

Treasurer—Mrs. C. H. Jonness of the Wayne street Methodist church.

The program for the afternoon included papers on "How to Make Meetings Interesting," "Plans for Progress," by Mrs. D. W. Moffat, and "Methods of Interesting the Uninterested," by Mrs. L. H. Reisner; "Our Gifts and Expenses—How Met," by Miss F. B. Sharp; "Benefit of Literature," by Mrs. W. D. Page. "Attendance Upon Meetings" was discussed by Mrs. A. E. Zartman, Mrs. A. W. Desbrosse and Mrs. F. J. Rice. "The Benefits and Plans for Intercession" were discussed by Mrs. Frank Cooley and Mrs. Lew Barron.

A social hour was held after the session and supper was served at 6 o'clock in the church parlors.

In the evening papers on the object of the union and the benefits to be gained from it were read by Mrs. Northrop, Mrs. Dyer and Mrs. J. S Minnis and brief addresses were given by the pastors of the different churches.

The next meeting will be held in November. The gathering together of these societies for the interchange of ideas and to discuss plans of work cannot but to of great benefit to the workers in missionary fields.

MRS. FAIRBANK'S RECEPTION.

The most charming social event of the spring season was the reception given this afternoon from 3 to 6 by Mrs. Erastus Fairbank, the district convention of Christian Endeavor and the semi-annual meeting of the Missionary union. The military order of the Loyal Legion of the United States will close the week with a state meeting in this city.

SOME FACTS

Relating to a Valuable Discovery

Which It Is Claimed Will Cure Every Form of Piles.

Interesting Statement of a Well Known Druggist of Ypsilanti, Mich.

Mr. Frank Smith, the well known and popular druggist of Ypsilanti, Mich., is speaking of the Pyramid Pile Cure, says: A year ago I sold C. C. Potter, 115 Huron street, Ypsilanti, Mich., a box of the Pyramid Pile Cure. Potter made the following statement to me to-day: "I have been troubled for twenty years with bleeding piles. Have tried nearly everything that promised relief, but got very little help until one year ago I called on my druggist, Frank Smith, and got a box of the Pyramid Pile Cure. The cure box used according to directions was, in my case, a perfect cure even to my special surprise, as my symptoms in the trouble has convinced me."

The Pyramid Pile Cure not only gives immediate relief in every form of piles, but its relief is permanent. The piles are cured and stay cured, and whether itching, protruding, bleeding piles, the result are equally satisfactory. It is rapidly taking the place of ordinary salves, ointments and lotions, as well as the many operations for piles, as it cures, and further because it is cleanly, convenient painless. One can use it and go right on with their occupation, as it is put up right and no attention is required during the day. Furthermore it is absolutely safe, containing no opium, cocaine or other poisonous or injurious drug. Druggists everywhere sell the remedy, 50 cents per package, and if you are a sufferer from piles, the result are simply

GRAND OPENING.

The ladies of Fort Wayne and vicinity are cordially invited to attend the grand opening of the MODEL STEAM BAKERY, No. 99 Maumee avenue, on the afternoon and evening of Saturday, May 11. This bakery is the only complete steam bakery in Indiana, and its products are in daily use in thousands of homes in Fort Wayne and surrounding towns. In point of cleanliness the Model Steam Bakery is superior. The bread and cakes manufactured by us are good—yes, absolutely pure, or our eight daily delivery wagons would not be required to deliver our products throughout the city.

Trusting your presence at our opening (May 11), when the old and new ways of baking will be demonstrated, I am, Yours truly,

L. F. SCHEER.

P. S.—If your grocer does not sell our bread and cakes he should, and if you will call up 'Phone 388 your wants will be supplied.

A Public Benefactor.

Professor Munyon's Great Work Among the Suffering.

His Medicines are Marvels in the Way of Effecting Cure.

Mr. George Lodge, the well known real estate dealer, Third and Federal streets, Philadelphia, Pa., is not only one of the most prominent real estate brokers in the city, but is the general manager of the new underground system of electrical propulsion, which is destined to supercede the overhead trolley. Hear what he says:

"Ever since 1868 I have been a great sufferer from sciatic rheumatism. There were times when the excruciating pain nearly drove me insane, and I was practically helpless. Upon a friend's advice I was induced to try Munyon's Rheumatism Cure. After taking a few doses the pain left me and I have not had the slightest symptoms of any return of the disease. I have recommended this remedy to several of my friends, who have also been cured."

Munyon's rheumatism Cure is guaranteed to cure rheumatism in any part of the body. Acute or muscular rheumatism is cured in from one to five days. It never fails to cure sharp, shooting pains in the arms, legs, sides, back or breast, or soreness in any part of the body in from one to three hours. It is guaranteed to promptly cure lameness, stiff and swollen joints, stiff back and all pains in the hips and loins. Chronic rheumatism, sciatica, lumbago or pain in the back are speedily cured.

Munyon's Homeopathic Remedy Company, of Philadelphia, put up a cure for every disease, which are sold by all druggists, mostly for 25 cents a bottle.

Those who are in doubt as to the nature of their disease should address Professor Munyon, 1,505 Arch street, Philadelphia, giving full symptoms of their disease. Professor Munyon will carefully diagnose the case and give you the benefit of his advice absolutely free of all charge. The Remedies will be sent to any address on receipt of retail price.

Artificial Ice.

Made from Distilled Water, Whereby it is Perfectly Purified and Freed from all Organic or Inorganic Matter of Whatever Nature.

The Artificial Ice Company have their premises well under control as experiments with the surroundings by coals of their purchase, legal restraints, etc., under the supervision of the city authorities, which by evaporation extract all the impurities in the water in the form of ice, leaving in the vessels of pure crystal ice, which is the only ice which may be used for drinking purposes without danger of loss disease. It is used by families, hotels, restaurants, druggists for their prescriptions, and others with the greatest satisfaction to all, and large quantities of the water is sold in one gallon bottles for drinking purposes.

Rooms containing our Illustrated 5-Cent Cookbook are sold for $1.00, and our book will last an ordinary family one hundred days. This is the cheapest and most satisfactory way of procuring the family supply of ice for the summer.

(Total Premiums paid $5,260. Guaranteed cash value at end of 20 years, $5,393.10, to which the dividends for 20 years are to be added.)

The values above cited are exclusive of surplus or dividends.

The dividends may be taken in CASH, to reduce the premiums, or may be left to accumulate in the company's hands for either 10, 15 or 20 years. Or, if preferred, may be used at the end of 4 years (no extra examination required), and each year after to buy additional insurance.

If used upon the last or Extended plan, and the insured should be forced to surrender his policy at the end of any year, he can take the cash value of his policy, as written in contract, plus cash value of his dividend addition.

GUARANTEED CASH VALUES given on all policies, no matter how you take your dividends. Policies also written on the life, fifteen, twenty and twenty-five payment life plans, and on all the popular Endowment plans.

Remember, the GUARANTEED CASH SURRENDER, PAID-UP INSURANCE and EXTENDED INSURANCE VALUES are placed upon all these forms.

You don't know what your wants may be in the future. You may need cash more than protection, or you may change. (Policies of this company are negotiable for their guaranteed cash surrender value.) You may prefer extension. DON'T take a policy for which YOU HAVE TO OBLIGATE YOURSELF not to ask for either cash or extension.

In addition to the above plans, policies are written on the ten-year-renewable term plan, which contemplates the largest amount of insurance for the least possible outlay consistent with safety, equity, and continuance of the insurance. They are also written on all the non-participating plans.

To any form of insurance written will be added "Insurance Rights" (the installment or annuity feature), when requested.

STUBBORN FACTS

The National confines its business to the healthy portions of the United States—hence, ITS DEATH RATE has been LOWER for twenty years than that of any other old company.

The National's Percentage of death losses and expenses combined is lower than the percentage of death losses alone in some companies that boast of their low expense rate, and upon that plea solicit business.

The National is one of the first companies in the land in interest earning ability. Not one dollar of its assets is invested in fluctuating securities.

The National has a higher percentage of assets to liabilities than any other old company of its kind. (The National has a special surplus of $345,000.00 which it places among liabilities. Other companies figure such surplus as an asset.)

The above statements are derived from the sworn reports of the different companies, and every one made can easily be verified.

As the NATIONAL STANDS AMONG THE LEADERS in the points from which dividend earnings are made, it may be expected to stand among the leaders in paying dividends and furnishing insurance at low cost.

For statements send now at nearest birthday. Don't wait to be drummed into taking insurance.
